WAVE Endorses Vice President Joe Biden

It is Time for Leadership that Reflects Our American Values

Orange County, CA (June 16, 2020) — Women for American Values and Ethics Political Action Committee (WAVE PAC) endorses former Vice President Joe Biden for President of the United States.

WAVE was founded on a commitment to advance values and ethics that we believe are fundamental to progress in America: inclusion and unity; human rights and democracy; cooperation and compassionate leadership. Amidst the crises our country is facing today, we have seen these values in Americans everywhere, from communities coming together to support healthcare workers, local businesses, and elderly neighbors to standing with victims of racial injustice and police brutality.

Unfortunately, even in the face of a global pandemic, economic upheaval, and civil unrest, these same values and acts of kindness remain absent from the White House. Our country needs a president who can unify the nation, and an administration committed to the safety, security and wellbeing of ALL Americans. Only one candidate in this election is capable of demonstrating such leadership and it is Joe Biden. WAVE is proud to endorse him and his promise to fight for the soul of our nation.

“Joe Biden will bring Americans together to restart the economy, support our health system and help every American have the ability to achieve the American Dream.” says Joanna Weiss, Founder and President of WAVE.

WAVE, an organization founded in December 2016 with close to 2,000 members across two states, throws its considerable womanpower and financial weight behind Joe Biden’s campaign. It is time to come together and restore experienced leadership in the White House. On June 20th, WAVE is laying the

groundwork for the battle ahead as we learn winning political techniques and strategies to TAKE BACK THE WHITE HOUSE. This virtual workshop, led by national organizer Sara El-Amine, is open to the public. To join, please register on our website at www.wave4all.org.
